

DUXBURY INTERNAL ISDN MODEM

DUXBURY Modems An Overview

Duxbury has been designing, manufacturing, importing and distributing networking products since 1984 and their wealth of experience in this market has ensured, and guaranteed, superior performance.

Over 300 000 Duxbury products have been supplied to South African businesses and home users during this period. These products are designed and produced for the South African market and are easily installed and supported locally.

The ISDN card supports many standard and enhanced features.

Manufactured and distributed by:
