

## Join us for a **Tachyon Networks** **Wireless Masterclass in Johannesburg**

### **Affordable 60 GHz PTP & PTMP Fixed Wireless Connectivity Solutions.**

In this **Sales Masterclass**, presented by **Herman Conradie, VP of Sales and Business Development at Tachyon Networks**, we unpack how 60GHz wireless enables high-capacity, low-latency connectivity without the delays and cost associated with fibre rollouts. The session is designed to help you position Tachyon effectively, identify the right opportunities, and approach deployments with confidence.

#### **What we'll cover**

- Understand the Tachyon Networks portfolio and where it fits
- Know where 60GHz outperforms traditional wireless and fibre
- Identify and qualify high-value opportunities with confidence
- Apply proven deployment scenarios backed by real-world performance insights
- Find out what's new

**Thursday 11 June 2026**

Registration: **09:00**

Training: **09:30 - 12:00**

Duxbury Networking, Block 1,  
Riviera Office Park,  
66 Oxford Road, Riviera, 2193
